

## AT-A-GLANCE

### 2017 Subaru Forester®

2.5i • 2.5i Premium • 2.5i Limited • 2.5i Touring • 2.0XT Premium • 2.0XT Touring

- Fourth-generation design of Subaru's compact SUV is the brand's best-selling vehicle in the United States; significantly revised for 2017
- Available in 4-cyl. and 4-cyl. turbo models
- IIHS Top Safety Pick+ with available EyeSight® Driver Assist Technology

#### New for 2017

- Revised exterior featuring redesigned headlights and rear LED combination lights
- EyeSight® Driver Assist Technology gains new color cameras for a wider, longer field of vision; system now also includes Lane Keep Assist. Limited and Touring models equipped with EyeSight include new Reverse Automatic Braking and High Beam Assist
- New Steering Responsive Headlights are standard on Touring models and available on Limited with EyeSight
- Limited and Touring models equipped with EyeSight now also include Blind Spot Detection and Rear Cross Traffic Alert
- Revised powertrain improves EPA fuel economy ratings to 26 MPG city / 32 MPG highway / 28 mpg
- Sound-insulation windshield, thicker door glass, restructured door seals and added under-floor insulation provide a quieter ride
- Active Torque Vectoring standard on Forester 2.0XT Touring with EyeSight
- Quicker steering ratio improves

handling and response

- X-Mode traction assist system now standard on all 2.5i Premium CVT models and incorporates Hill Descent Control
- Body-color matching rear spoiler now standard on Premium trim
- Saddle Brown perforated leather-trimmed upholstery option with contrast stitching offered for Touring trim
- New aluminum alloy wheel designs
- Convenience features standard across multiple trims include two-position memory seats, auto up/down on both driver and front passenger windows, and automatic climate control system
- Heated steering wheel – a first for the Forester – offered on Touring trims

#### Key Facts

- IIHS Top Safety Pick+ with EyeSight® Driver Assist Technology
- Maximum rear cargo area capacity with 60/40 split rear seats folded: 74.7 cu. ft.
- 8.7 inches of ground clearance is higher than for many crossovers and SUVs, yet with low step-in height
- Two different versions of standard Symmetrical AWD, depending on transmission: Models with 6-speed manual transmission feature Continuous AWD with a viscous-coupling locking center differential that splits torque 50:50 front to rear. Models with the CVT use Active Torque Split AWD with electronically managed continuously variable

transfer clutch that actively manages the torque split based on acceleration, deceleration and available traction. Both systems continuously power all four wheels and will transfer torque to the wheels with the best grip
