Camden, N.J., Nov 12, 2021 - Subaru of America, Inc. announced pricing on the 2022 Crosstrek and Crosstrek Hybrid compact SUV models. Starting at \$22,445, the Crosstrek offers an exceptional value, along with excellent capability, and the brand's renowned safety and reliability. Priced at \$35,645, the Crosstrek Hybrid is the most efficient version of the versatile compact SUV.

All Crosstrek models combine bold SUV design, black-finish alloy wheels, standard roof rails, black side cladding, and a gloss black rear roof spoiler. The SUV's rugged looks are only matched by its highly capable chassis, 8.7-inches of ground clearance, and standard Symmetrical All-Wheel Drive. The 2022 Crosstrek is available in Base, Premium, Sport, and Limited trims, while the Crosstrek Hybrid is offered exclusively in single highly-equipped trim level. Both models will begin arriving at Subaru retailers the first quarter of 2022.

The Crosstrek Base and Premium are powered by a 152-hp 2.0-liter 4-cylinder SUBARU BOXER® engine. Both are offered with either a standard 6-speed manual transmission or optional Lineartronic® CVT (continuously variable transmission). The CVT models achieve EPA-estimated fuel economy of 28 city / 33 highway / 30 combined MPG. The 6-speed manual models are rated at 22 city / 29 highway / 25 combined MPG.

The 2022 Crosstrek Sport and Limited come standard with a 182 hp 2.5-liter BOXER engine paired with a Lineartronic® CVT. Both models achieve an EPA-estimated fuel economy of 27 city / 34 highway / 29 combined MPG. Standard on CVT-equipped models, except the Base, is an 8-speed manual mode with steering wheel paddle shifters.

The Crosstrek Hybrid Subaru is powered by StarDrive® Technology which uniquely integrates two electric motors, a 2.0-liter direct-injection SUBARU BOXER® engine, Subaru Symmetrical All-Wheel Drive, and Lineartronic® CVT. This plug-in SUV achieves up to 17 miles of pure electric driving as well as delivering an EPA-rated 35 MPG/90 MPGe and 480-mile total range. The Crosstrek Hybrid qualifies for a \$4,502 Federal tax credit and certain states offer rebates of

up to \$1,500.

All Crosstrek models with the Lineartronic CVT, whether standard or optional come standard with Subaru's award-winning EyeSight® Driver Assist Technology featuring Automatic Pre-Collision Braking; Pre-Collision Throttle Management; Lane Keep Assist; Lane Departure and Sway Warning; and Lead Vehicle Start Alert. The EyeSight system also includes Advanced Adaptive Cruise Control with Lane Centering for added convenience.

The Crosstrek Limited and Crosstrek Hybrid further bolster driver assistance with standard High Beam Assist; Reverse Automatic Braking; and Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert. Standard Steering Responsive Headlights on Hybrid and Limited illuminate curves as the vehicle steers into them.

All 2022 Crosstrek trim levels include seven airbags: driver and front passenger frontal airbags, side curtain airbags and side pelvis/torso airbags, as well as a driver's knee airbag. The Rear Seat Reminder (standard with CVT-equipped models) is designed to help prevent child or pet entrapment by alerting the driver to check the rear seat before exiting the vehicle.
