The 2023 Crosstrek is available in Base, Premium, new Special Edition, Sport, and Limited trims, while the Crosstrek Hybrid is offered in a single highly-equipped trim level. Both models will begin arriving at Subaru retailers this Summer.

Every Crosstrek comes standard with legendary Subaru Symmetrical All-Wheel Drive, Active Torque Vectoring, and 8.7-inch ground clearance, making it a highly capable compact SUV.

The Crosstrek Base and Premium are powered by a 152-hp 2.0-liter 4-cylinder SUBARU BOXER® engine. Both trim levels are offered with either a standard 6-speed manual transmission or optional Lineartronic® CVT (continuously variable transmission). The CVT models achieve EPA-estimated fuel economy of 28 city / 33 highway / 30 combined MPG. The 6-speed manual models are rated at 22 city / 29 highway / 25 combined MPG. The Special Edition comes standard with the 2.0-liter BOXER engine paired with Lineartronic CVT.

The 2023 Crosstrek Sport and Limited come standard with a 182 hp 2.5-liter BOXER engine paired with a Lineartronic® CVT.
