SUBARU EARNS THREE SPOTS ON *CAR AND DRIVER* 2025 EDITORS' CHOICE LIST

- 2025 Subaru BRZ – Affordable Sports Car
- 2025 Subaru Crosstrek – Compact SUV
- 2025 Subaru Outback – Station Wagon

Camden, N.J., Jan 29, 2025 - Subaru of America, Inc. today announced three models were included in the [2025 Editors' Choice List](#) from *Car and Driver*. The lightweight Subaru BRZ sports car, compact and capable Subaru Crosstrek, and legendary Subaru Outback were listed as among the best in their respective segments:

- 2025 Subaru BRZ – Affordable Sports Car
- 2025 Subaru Crosstrek – Compact SUV
- 2025 Subaru Outback – Station Wagon

To determine the award winners, *Car and Driver* expert vehicle reviewers test, rate, and rank nearly 500 models in 45 market segments. The criteria used to determine the vehicles selected for the list include the results of *Car and Driver's* industry-leading [rigorous instrumented testing](#), reviewers' subjective evaluations of each vehicle's performance, how well a vehicle fulfills its intended mission, and the ranking each vehicle earns within its market segment versus its competitors for the model year.

"We are proud that the Subaru BRZ, Outback, and Crosstrek have been selected as top picks by the experts at *Car and Driver*, with all three models making the list for the second year in a row," said Jeff Walters, President and Chief Operating Officer of Subaru of America, Inc. "This recognition proves Subaru's dedication toward offering affordable vehicles across various segments, built to the highest standards from safety to performance, with the latest technology."

The 2025 Editors' Choice List serves to embolden customers in their car-buying decisions. "The Editor's Choice award lets consumers quickly cut through the confusion of the new-car market to help them focus on the vehicles they should seriously consider buying. Think of Editor's Choice as the honor roll of the new-car world," according to *Car and Driver*.

The 2025 BRZ was chosen by the editors for its classic sports car design, which includes a light weight, ultra-low center of gravity, precision steering, and agile handling in an affordable 2+2 package. The latest-generation BRZ also received high praise for its responsive 2.4-liter SUBARU BOXER® engine (naturally aspirated) that produces 228 horsepower and 184 pound-feet of torque and new "Sport" mode for coupes equipped with a manual transmission for sharper

throttle response during spirited driving. For 2025, the BRZ is offered in three trim levels: Premium, Limited, and tS, and has a starting price of \$31,210.

Subaru's best-selling SUV, the 2025 Subaru Crosstrek, was recognized by Car and Driver thanks to its updated exterior and interior designs, exceptional ride and handling, active safety features, and infotainment technology. The third-generation Crosstrek is a highly capable compact SUV with a comprehensive list of standard and available features at a competitive starting price of \$25,810. The 2025 Crosstrek is available in Base, Premium, Sport, Limited, and Wilderness trim levels.

The 2025 Outback earned its accolade for delivering its iconic composition of SUV capability and car-like ride and handling. The 8.7-inch ground clearance (9.5 inches for Outback Wilderness) is more than many full-size SUVs, yet the Outback maintains a low step-in height for comfortable front and rear passenger entry. The legendary SUV offers plentiful passenger and cargo space and standard Symmetrical All-Wheel Drive, making it ideal for family adventures. With a starting price of \$29,010, the 2025 Outback is available in Base, Premium, Limited, Touring, Onyx Edition XT, Wilderness, Limited XT, and Touring XT trim levels.

About Subaru of America, Inc.

[Subaru of America, Inc.](https://www.subaru.com) (SOA) is an indirect wholly owned subsidiary of [Subaru Corporation](https://www.subaru.com) of Japan. Headquartered in Camden, N.J., the company markets and distributes Subaru vehicles, parts, and accessories through a network of about 640 retailers across the United States. All Subaru products are manufactured in zero-landfill plants, including [Subaru of Indiana Automotive, Inc.](https://www.subaru.com), the only U.S. automobile manufacturing plant designated a backyard wildlife habitat by the National Wildlife Federation. SOA is guided by the [Subaru Love Promise](https://www.subaru.com), which is the company's vision to show love and respect to everyone and to support its communities and customers nationwide. Over the past 20 years, SOA and the SOA Foundation have donated more than \$320 million to causes the Subaru family cares about, and its employees have logged over 100,000 volunteer hours. Subaru is dedicated to being More Than a Car Company® and to making the world a better place. For additional information, visit media.subaru.com.
